

Genesis 36:32 And Bela the son of Beor reigned in Edom: and the name of his city was Dinhabah.

A close-up photograph of a field of purple tulips. The flowers are in various stages of bloom, with some fully open and others as buds. The petals are a deep, rich purple color. The green leaves are visible at the base of the stems, providing a contrast to the purple. The background is slightly blurred, showing more of the tulip field.
