

A close-up photograph of a vibrant pink rose. The rose is the central focus, with its many layers of petals creating a complex, spiral pattern. The petals are a rich, saturated pink color. Surrounding the rose are several green leaves, some of which have small, clear water droplets on their surfaces. The background is softly blurred, showing more green foliage and hints of other pink flowers. The overall lighting is bright and natural, highlighting the texture of the petals and the freshness of the scene.
