

A close-up photograph of a garden filled with various flowers. In the foreground, there are several clusters of small, bright pink and purple flowers, likely verbena, with green, finely divided foliage. A large, light green stem with a pointed tip is visible in the lower right. The background shows more of the same flowers and some larger, pink, five-petaled flowers. The overall scene is bright and colorful, with a dark, possibly black, background that makes the flowers stand out.
