

A close-up photograph of a bright yellow butterfly, possibly a Phloxipha argentea, resting on a large green leaf. The butterfly's wings are spread, showing a vibrant yellow color with some darker markings. The leaf is a deep green with prominent veins. The background is blurred, showing more green foliage.

Jeremiah 50:13 Because of the

inhabited, but it shall be wholly
desolate: every one that goeth by
Babylon shall be astonished, and
hiss at all her plagues.
