

A close-up photograph of a large, multi-petaled flower, likely a Hibiscus, with a gradient of colors from light pink to deep magenta. The flower is in full bloom, with numerous layers of petals. It is surrounded by dark green, serrated leaves. The background is slightly blurred, showing more foliage and a hint of a brown, textured surface at the bottom left.

John 11:57 Now both the chief
priests and the Pharisees had
given a commandment, that, if any
man knew where he were, he
should show it , that they might
take him.
