

A photograph of a winter landscape. In the foreground, a small stream flows over a large, snow-covered rock formation. The water is dark and reflects the light. The rocks are dark and jagged, partially covered in white snow. In the background, more rocks and some dry, brown grasses are visible under a clear sky. The overall scene is serene and cold.

**Psalm 10:09 He lieth in wait
secretly as a lion in his den: he
lieth in wait to catch the poor: he
doth catch the poor, when he
draweth him into his net.**
