A close-up photograph of a cluster of purple flowers, likely azaleas, with prominent stamens. The flowers are in various stages of bloom, showing the delicate structure of the petals and the intricate details of the reproductive parts. The background is a dark, out-of-focus green, suggesting foliage.

An underwater photograph showing a large school of small, dark-colored fish swimming in clear, turquoise water. The fish are scattered throughout the frame, with some appearing closer to the camera and others further away. The water's surface is visible at the top, with ripples and reflections of light. The overall scene is vibrant and captures the natural movement of the fish.
