Word Study for --- ROASTETH

A wide-angle landscape photograph capturing a dramatic sky filled with large, billowing clouds illuminated from behind by a low sun. The clouds range in color from deep orange and yellow to dark grey and black. Below the horizon, a dark silhouette of land or a shoreline is visible across a body of water. In the foreground, the dark shapes of trees and bushes are silhouetted against the bright sky.

**Pro 12:27 The slothful man roasteth not
that which he took in hunting: but the
substance of a diligent man is precious.**

A landscape photograph showing a deep canyon with tall, weathered rock formations. The rocks are a mix of brown, tan, and reddish-brown colors, indicating geological processes over time. The sky above is a clear, pale blue. In the distance, more rock formations and some greenery are visible at the base of the canyon walls.

**Isa 44:16 He burneth part thereof in
the fire; with part thereof he eateth
flesh; he roasteth roast, and is
satisfied: yea, he warmeth himself,
and saith, Aha, I am warm, I have seen
the fire:**
