Word Study for --- SHEDDING

A photograph of a winter forest. The ground is covered in a thick layer of snow. Numerous evergreen trees, likely spruce or fir, are scattered throughout the scene. The trees are heavily laden with snow, particularly on their branches and needles. The lighting is soft and diffused, typical of an overcast winter day. The overall color palette is dominated by whites and greys, with some dark green from the trees peeking through the snow.

**Heb 09:22 And almost all things are by
the law purged with blood; and
without shedding of blood is no
remission.**
