

A photograph of a squash plant. The image shows several large, green, lobed leaves with some holes, likely from insect damage. A bright yellow flower is visible in the upper left, and another yellow flower is in the lower right. A large, pale yellow squash fruit is the central focus, resting on the ground. The background is dark, suggesting a shaded area or a close-up shot.

Genesis 24:44 And she say to me,  
Both drink thou, and I will also  
draw for thy camels: let the same  
be the woman whom the LORD  
hath appointed out for my master's  
son.
