

Joshua 15:61 In the wilderness,
Betharabah, Middin, and Secacah,

A close-up photograph of a field of crocuses. The image features several flowers in various colors: a prominent purple crocus on the left, a bright yellow crocus in the center, and several orange and yellow crocuses on the right. The flowers are surrounded by long, thin green leaves and stems. The background is slightly blurred, showing more of the same flowers. The text is overlaid in white at the top of the image.
