

Job 30:04 Who cut up mallows by
the bushes, and juniper roots for
their meat.

SWEETHEART BOUQUET™ PRIME™
was bred for its unique double full clusters of
"open rose" shaped buds. A warm and sunny
blending, it is best used in mass plantings and
containers. Sweetheart Bouquet™ Prime™ will
blossom in shades of red, pink, yellow, and
white. It is a true mallow, with a slightly
crisp, papery texture and a slightly sweet
taste. From the Sweetheart Bouquet™ series.
