

A close-up photograph of a chrysanthemum flower. The center of the flower is a vibrant pink color, transitioning to a pale yellow or cream color towards the outer edges of the petals. The petals are numerous and layered, creating a dense, textured appearance. The background is dark and out of focus, making the flower stand out prominently.

Psalm 46:04 There is a river, the streams whereof shall make glad the city of God, the holy place of the tabernacles of the most High.
