

A close-up photograph of a bright red flower, possibly a species of ginger or similar, with large, glossy green leaves. The flower is the central focus, with its petals showing some texture and color variations. The background is slightly blurred, showing a mossy surface and a dark, textured wooden log or branch on the right side. The lighting is natural, highlighting the vibrant colors of the plant.

Acts 09:24 But their laying await
was known of Saul. And they
watched the gates day and night to
kill him.
