

A close-up photograph of a field of golden wheat. The wheat stalks are in sharp focus in the foreground, showing their characteristic awns. In the background, the wheat is slightly out of focus, creating a sense of depth. Interspersed among the wheat are several green weeds with broad, rounded leaves, providing a color contrast to the golden grain. The lighting is bright and natural, highlighting the textures of the wheat and the vibrant green of the weeds.

prepared for an hour, and a day,
and a month, and a year, for to slay
