

A close-up photograph of a stone fountain. The fountain is made of light-colored, textured stone and has a wide, shallow basin at the top. Water is spraying upwards from the center of the basin, creating a misty spray. Water is also cascading down the sides of the fountain, creating a series of small waterfalls. The background is a dark, rippling pool of water, which makes the fountain stand out. The overall scene is serene and peaceful.

God sent him forth from the

from whence he was taken.**
