

A long-exposure photograph of a forest stream. The water is blurred, creating a soft, ethereal effect as it flows over moss-covered logs and rocks. The scene is lush with green moss and ferns, set in a dense forest. The lighting is soft, highlighting the textures of the moss and the movement of the water.

**Psalm 39:05 Behold, thou hast  
made my days as an handbreadth;  
and mine age is as nothing before  
thee: verily every man at his best  
state is altogether vanity. Selah.**
