

**Revelation 05:03 And no man in
heaven, nor in earth, neither
under the earth, was able to open
the book, neither to look thereon.**

A close-up photograph of a passionflower (Passiflora) in full bloom. The flower features a prominent, vibrant purple corona with numerous fine, radiating filaments. The calyx is a pale, almost white-green color, and the petals are also a light, translucent green. The center of the flower shows the reproductive parts, including the stamens and pistil. The background consists of dark green, serrated leaves, some of which are slightly out of focus, creating a sense of depth. The overall lighting is soft, highlighting the intricate details of the flower's structure.
