

A close-up photograph of a green plant stem, possibly a tulip, growing from a bed of brown mulch. The stem is the central focus, extending vertically from the bottom towards the top. The mulch consists of small, irregular pieces of wood and bark, creating a textured background. The lighting is natural, highlighting the vibrant green of the stem against the earthy tones of the mulch.

**Mark 02:12 And immediately he
arose, took up the bed, and went
forth before them all; insomuch
that they were all amazed, and
glorified God, saying, We never
saw it on this fashion.**
