

A close-up photograph of a stone fountain. The fountain is made of light-colored, textured stone and features a wide, shallow basin at the top. Water is bubbling and splashing within this basin. From the sides of the basin, water flows down the sides of the fountain's body, creating a waterfall effect. The background is a dark, rippling body of water, which provides a strong contrast to the light-colored stone and the white text overlaid on the image.

**Psalms 09:14 That I may show forth  
all thy praise in the gates of the  
daughter of Zion: I will rejoice in  
thy salvation.**
