

A close-up photograph of a person's skin, showing a scab on the left side. The skin is covered with numerous small, clear water droplets, suggesting it has been washed or is in a humid environment. The lighting is warm and soft, highlighting the texture of the skin and the moisture.

Leviticus 13:08 And if the priest see that, behold, the scab spreadeth in the skin, then the priest shall pronounce him unclean: it is a leprosy.
