

A close-up photograph of a vibrant pink rose. The rose is the central focus, with its many layers of petals creating a full, rounded shape. The petals are a rich, saturated pink color. Surrounding the rose are several green leaves, some of which have small, clear water droplets on their surfaces, suggesting a recent rain or dew. The background is softly blurred, showing more green foliage and hints of other pink flowers, creating a sense of depth and a natural, garden-like setting. The lighting is bright and even, highlighting the texture of the petals and the veins on the leaves.
