Word Study for --- WHALES

A photograph of a rugged coastline. In the foreground, dark, craggy rock formations rise from a sandy beach. The ocean is a deep blue-grey, with white-capped waves crashing against the rocks. In the distance, more rock formations are visible, and the sky is a pale, overcast grey.

The image shows a coastal landscape with dark, jagged rock formations along the shore. The water is choppy with white foam at the edges. In the background, more rock formations are visible under a hazy sky.

Gen 01:21 And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good.
