And [so] the Moabites became David's servants, [and] brought gifts. measured <2SA8 -2> And he smote Moab, and measured them with a line, casting them down to the ground; even with two lines {measured} he to put to death, and with one full line to keep alive. And [so] the Moabites became David's servants, [and] brought gifts. measured Who hath {measured} the waters in the hollow of his hand, and meted out heaven with the span, and comprehended the dust of the earth in a measure, and weighed the mountains in scales, and the hills in a balance? measured Thus saith the LORD; If heaven above can be {measured}, and the foundations of the earth searched out beneath, I will also cast off all the seed of Israel for all that they have done, saith the LORD. measured As the host of heaven cannot be numbered, neither the sand of the sea {measured}: so will I multiply the seed of David my servant, and the Levites that minister unto me. measured And behold a wall on the outside of the house round about, and in the man's hand a measuring reed of six cubits [long] by the cubit and an hand breadth: so he {measured} the breadth of the building, one reed; and the height, one reed. measured Then came he unto the gate which looketh toward the east, and went up the stairs thereof, and {measured} the threshold of the gate, [which was] one reed broad; and the other threshold [of the gate, which was] one reed broad. measured He {measured} also the porch of the gate within, one reed. measured Then {measured} he the porch of the gate, eight cubits; and the posts thereof, two cubits; and the porch of the gate [was] inward. measured And he {measured} the breadth of the entry of the gate, ten cubits; [and] the length of the gate, thirteen cubits. measured He {measured} then the gate from the roof of [one] little chamber to the roof of another: the breadth [was] five and twenty cubits, door against door. measured Then he {measured} the breadth from the forefront of the lower gate unto the forefront of the inner court without, an hundred cubits eastward and northward. measured And the gate of the outward court that looked toward the north, he {measured} the length thereof, and the breadth thereof. measured And the gate of the inner court [was] over against the gate toward the north, and toward the east; and he {measured} from gate to gate an hundred cubits. measured After that he brought me toward the south, and behold a gate toward the south: and he {measured} the posts thereof and the arches thereof according to these measures. measured And [there was] a gate in the inner court toward the south: and he {measured} from gate to gate toward the south an hundred cubits. measured And he brought me to the inner court by the south gate: and he {measured} the south gate according to these measures; measured And he brought me into the inner court toward the east: and he {measured} the gate according to these measures. measured And he brought me to the north gate, and {measured} [it] according to these measures; measured So he {measured} the court, an hundred cubits long, and

an hundred cubits broad, foursquare; and the altar [that was] before the house. measured And he brought me to the porch of the house, and {measured} [each] post of the porch, five cubits on this side, and five cubits on that side: and the breadth of the gate [was] three cubits on this side, and three cubits on that side. measured Afterward he brought me to the temple, and {measured} the posts, six cubits broad on the one side, and six cubits broad on the other side, [which was] the breadth of the tabernacle. measured And the breadth of the door [was] ten cubits: and the sides of the door [were] five cubits on the one side, and five cubits on the other side: and he {measured} the length thereof, forty cubits: and the breadth, twenty cubits. measured Then went he inward, and {measured} the post of the door, two cubits; and the door, six cubits; and the breadth of the door, seven cubits. measured So he {measured} the length thereof, twenty cubits; and the breadth, twenty cubits, before the temple: and he said unto me, This [is] the most holy [place]. measured After he {measured} the wall of the house, six cubits; and the breadth of [every] side chamber, four cubits, round about the house on every side. measured So he {measured} the house, an hundred cubits long; and the separate place, and the building, with the walls thereof, an hundred cubits long; measured And he {measured} the length of the building over against the separate place which [was] behind it, and the galleries thereof on the one side and on the other side, an hundred cubits, with the inner temple, and the porches of the court; measured Now when he had made an end of measuring the inner house, he brought me forth toward the gate whose prospect [is] toward the east, and {measured} it round about. measured He {measured} the east side with the measuring reed, five hundred reeds, with the measuring reed round about. measured He {measured} the north side, five hundred reeds, with the measuring reed round about. measured He {measured} the south side, five hundred reeds, with the measuring reed. measured He turned about to the west side, [and] {measured} five hundred reeds with the measuring reed. measured He {measured} it by the four sides: it had a wall round about, five hundred [reeds] long, and five hundred broad, to make a separation between the sanctuary and the profane place. measured And when the man that had the line in his hand went forth eastward, he {measured} a thousand cubits, and he brought me through the waters; the waters [were] to the ankles. measured Again he measured a thousand, and brought me through the waters; the waters [were] to the knees. Again he {measured} a thousand, and brought me through; the waters [were] to the loins. measured Again he {measured} a thousand, and brought me through; the waters [were] to the knees. Again he measured a thousand, and brought me through; the waters [were] to the loins. measured Afterward he {measured} a thousand; [and it was] a river that I could not pass over: for the waters were risen, waters to swim in, a river that could not be passed over. measured Yet the number of the children of Israel shall be as the sand of the sea, which cannot be {measured} nor numbered; and it shall come to pass, [that] in the place where it was said unto them, Ye [are] not my people, [there] it shall be said unto them, [Ye are] the sons of the living God. measured He stood, and {measured} the earth: he beheld, and drove asunder the nations; and the everlasting mountains were scattered, the perpetual hills did bow: his ways [are] everlasting. measured For with what judgment ye judge, ye shall be judged: and with what measure ye mete, it shall be {measured} to you again. measured And he said unto them, Take heed what ye hear: with what measure ye mete, it shall be {measured} to you: and unto you that hear shall more be given. measured Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be {measured} to you again. measured And the city lieth foursquare, and the length is as large as the breadth: and he {measured} the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal. measured And he {measured} the wall thereof, an hundred and] forty and] four cubits, according to] the measure of a man, that is, of the angel.

measured Also he said, Bring the veil that [thou hast] upon thee, and hold it. And when she held it, he {measured} six [measures] of barley, and laid [it] on her: and she went into the city. measured <2SA8 -2> And he smote Moab, and {measured} them with a line, casting them down to the ground; even with two lines measured he to put to death, and with one full line to keep alive. And [so] the Moabites became David's servants, [and] brought gif ts. measured <2SA8 -2> And he smote Moab, and measured them with a line, casting them down to the ground; even with two lines {measured} he to put to death, and with one full line to keep alive. And [so] the Moabites became David's servants, [and] brought gif ts. measured Who hath {measured} the waters in the hollow of his hand, and meted out heaven with the span, and comprehended the dust of the earth in a measure, and weighed the mountains in scales, and the hills in a balance? measured Thus saith the LORD: If heaven above can be {measured}, and the foundations of the earth searched out beneath, I will also cast off all the seed of Israel for all that they have done, saith the LORD. measured As the host of heaven cannot be numbered, neither the sand of the sea {measured}; so will I multiply the seed of David my servant, and the Levites that minister unto me. measured And behold a wall on the outside of the house round about, and in the man's hand a measuring reed of six cubits [long] by the cubit and an hand breadth: so he {measured} the breadth of the building, one reed; and the height, one reed. measured Then came he unto the gate which looketh toward the east, and went up the stairs thereof, and {measured} the threshold of the gate, [which was] one reed broad; and the other threshold [of the gate, which was] one reed broad. measured He {measured} also the porch of the gate within, one reed. measured Then {measured} he the porch of the gate, eight cubits; and the posts thereof, two cubits; and the porch of the gate [was] inward. measured And he {measured} the breadth of the entry of the gate, ten cubits; [and] the length of the gate, thirteen cubits. measured He {measured} then the gate from the roof of [one] little chamber to the roof of another: the breadth [was] five and twenty cubits, door against door. measured Then he {measured} the breadth from the forefront of the lower gate unto the forefront of the inner court without, an hundred cubits eastward and northward. measured And the gate of the outward court that looked toward the north, he {measured} the length thereof, and the breadth thereof. measured And the gate of the inner court [was] over against the gate toward the north, and toward the east; and he {measured} from gate to gate an hundred cubits. measured After that he brought me toward the south, and beheld a gate toward the south: and he {measured} the posts thereof and the arches thereof according to these measures. measured And [there was] a gate in the inner court toward the south: and he {measured} from gate to gate toward the south an hundred cubits. measured And he brought me to the inner court by the south gate: and he {measured} the south gate according to these measures; measured And he brought me into the inner court toward the east: and he {measured} the gate according to these measures. measured And he brought me to the north gate, and {measured} [it] according to these measures; measured So he {measured} the court, an hundred cubits long, and an hundred cubits broad, foursquare; and the altar [that was] before the house. measured And he brought me to the porch of the house, and {measured} [each] post of the porch, five cubits on this side, and five cubits on that side: and the breadth of the gate [was] three cubits on this side, and three cubits on that side. measured Afterward he brought me to the temple, and {measured} the posts, six cubits broad on the one side, and six cubits broad on the other side, [which was] the breadth of the tabernacle. measured And the breadth of the door [was] ten cubits: and the sides of the door [were] five cubits on the one side, and five cubits on the other side: and he {measured} the length thereof, forty cubits; and the breadth, twenty cubits. measured Then went he inward, and {measured} the post of the door, two cubits; and the door, six cubits; and the breadth of the door, seven cubits. measured So he {measured} the length thereof, twenty cubits; and the breadth, twenty cubits, before the temple: and he said unto me, This [is] the most holy [place]. measured After he {measured} the wall of the house, six cubits; and the breadth of [every] side chamber, four cubits, round about the house on every side. measured So he {measured} the house, an hundred cubits long; and the separate place, and the building, with the walls thereof, an hundred cubits long; measured And he {measured} the length of the building over against the separate place which [was] behind it, and the galleries thereof on the one side and on the other side, an hundred cubits, with the inner temple, and the porches of the court; measured Now when he had made an end of measuring the inner house, he brought me forth toward the gate whose prospect [is] toward the east, and {measured} it round about. measured He {measured} the east side with the measuring reed, five hundred reeds, with the measuring reed round about. measured He {measured} the north side, five hundred reeds, with the measuring reed round about. measured He {measured} the south side, five hundred reeds, with the measuring reed. measured He turned about to the west side, [and] {measured} five hundred reeds with the measuring reed. measured He {measured} it by the four sides: it had a wall round about, five hundred [reeds] long, and five hundred broad, to make a separation between the sanctuary and the profane place. measured And when the man that had the line in his hand went forth eastward, he {measured} a thousand cubits, and he brought me through the waters; the waters [were] to the ankles. measured Again he measured a thousand, and brought me through the waters; the waters [were] to the knees. Again he {measured} a thousand, and brought me through; the waters [were] to the loins. measured Again he {measured} a thousand, and brought me through the waters; the waters [were] to the knees. Again he measured a thousand, and brought me through; the waters [were] to the loins. measured Afterward he {measured} a thousand; [and it was] a river that I could not pass over: for the waters were risen, waters to swim in, a river that could not be passed over. measured Yet the number of the children of Israel shall be as the sand of the sea, which cannot be {measured} nor numbered; and it shall come to pass, [that] in the place where it was said unto them, Ye [are] not my people, [there] it shall be said unto them, [Ye are] the sons of the living God. measured He stood, and {measured} the earth: he beheld, and drove asunder the nations; and the everlasting mountains were scattered, the perpetual hills did bow: his ways [are] everlasting. measured For with what judgment ye judge, ye shall be judged: and with what measure ye mete, it shall be {measured} to you again. measured And he said unto them, Take heed what ye hear: with what measure ye mete, it shall be {measured} to you: and unto you that hear shall more be given. measured Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be {measured} to you again. measured And the city lieth foursquare, and the length is as large as the breadth: and he {measured} the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal. measured And he {measured} the wall thereof, an hundred and [forty] and [four] cubits, according to the measure of a man, that is, of the angel.
