 breadth And this [is the fashion] which thou shalt make it [of]: The length of the ark [shall be] three hundred
 cubits, the {breadth} of it fifty cubits, and the height of it thirty cubits. breadth Arise, walk through the land in the

length of it and in the {breadth} of it; for I will give it unto thee. breadth And they shall make an ark [of] shittim wood: two cubits and a half [shall be] the length thereof, and a cubit and a half the {breadth} thereof, and a cubit and a half the height thereof. breadth And thou shalt make a mercy seat [of] pure gold: two cubits and a half [shall be] the length thereof, and a cubit and a half the {breadth} thereof. breadth Thou shalt also make a table [of] shittim wood: two cubits [shall be] the length thereof, and a cubit the {breadth} thereof, and a cubit and a half the height thereof. breadth And thou shalt make unto it a border of an hand {breadth} round about, and thou shalt make a golden crown to the border thereof round about. breadth The length of one curtain [shall be] eight and twenty cubits, and the {breadth} of one curtain four cubits: and every one of the curtains shall have one measure. breadth The length of one curtain [shall be] thirty cubits, and the {breadth} of one curtain four cubits: and the eleven curtains [shall be all] of one measure. breadth Ten cubits [shall be] the length of a board, and a cubit and a half [shall be] the {breadth} of one board. breadth And [for] the {breadth} of the court on the west side [shall be] hangings of fifty cubits: their pillars ten, and their sockets ten. breadth And the {breadth} of the court on the east side eastward [shall be] fifty cubits. breadth The length of the court [shall be] an hundred cubits, and the {breadth} fifty every where, and the height five cubits [of] fine twined linen, and their sockets [of] brass. breadth Foursquare it shall be [being] doubled; a span [shall be] the length thereof, and a span [shall be] the {breadth} thereof. breadth A cubit [shall be] the length thereof, and a cubit the {breadth} thereof; foursquare shall it be: and two cubits [shall be] the height thereof: the horns thereof [shall be] of the same. breadth The length of one curtain [was] twenty and eight cubits, and the {breadth} of one curtain four cubits: the curtains [were] all of one size. breadth The length of one curtain [was] thirty cubits, and four cubits [was] the {breadth} of one curtain: the eleven curtains [were] of one size. breadth The length of a board [was] ten cubits, and the {breadth} of a board one cubit and a half. breadth And Bezaleel made the ark [of] shittim wood: two cubits and a half [was] the length of it, and a cubit and a half the {breadth} of it, and a cubit and a half the height of it: breadth And he made the mercy seat [of] pure gold: two cubits and a half [was] the length thereof, and one cubit and a half the {breadth} thereof. breadth And he made the table [of] shittim wood: two cubits [was] the length thereof, and a cubit the {breadth} thereof, and a cubit and a half the height thereof: breadth And he made the incense altar [of] shittim wood: the length of it [was] a cubit, and the {breadth} of it a cubit; [it was] foursquare; and two cubits [was] the height of it; the horns thereof were of the same. breadth And he made the altar of burnt offering [of] shittim wood: five cubits [was] the length thereof, and five cubits the {breadth} thereof; [it was] foursquare; and three cubits the height thereof. breadth And the hanging for the gate of the court [was] needlework, [of] blue, and purple, and scarlet, and fine twined linen: and twenty cubits [was] the length, and the height in the {breadth} [was] five cubits, answerable to the hangings of the court. breadth It was foursquare; they made the breastplate double: a span [was] the length thereof, and a span the {breadth} thereof, [being] doubled. breadth Meddle not with them; for I will not give you of their land, no, not so much as a foot {breadth}; because I have given mount Seir unto Esau [for] a possession. breadth For only Og king of Bashan remained of the remnant of giants; behold, his bedstead [was] a bedstead of iron; [is] it not in Rabbath of the children of Ammon? nine cubits [was] the length thereof, and four cubits the {breadth} of it, aft er the cubit of a man. breadth Among all this people [there were] seven hundred chosen men lefthanded; every one could sling stones at an hair [{breadth}], and not miss. breadth <1KI6 -2> And the house which king Solomon built for the LORD, the length thereof [was] threescore cubits, and the {breadth} thereof twenty [cubits], and the height thereof thirty cubits. breadth <1KI6 -3> And the porch before the temple of the house, twenty cubits [was] the length thereof, according to the breadth of the house; [and] ten cubits [was] the {breadth} thereof before the house. breadth <1KI6 -3> And the porch before the temple of the house, twenty cubits [was] the length thereof, according to the {breadth} of the house; [and] ten cubits [was] the breadth thereof before the house. breadth <1KI6 -20> And the oracle in the forepart [was] twenty cubits in length, and twenty cubits in {breadth}, and twenty cubits in the height thereof: and he overlaid it with pure gold; and [so] covered the altar [which was of] cedar. breadth <1KI7 -2> He built also the house of the forest of Lebanon; the length thereof [was] an hundred cubits, and the {breadth} thereof fifty cubits, and the height thereof thirty cubits, upon four rows of cedar pillars, with cedar beams upon the pillar s. breadth <1KI7 -6> And he made a porch of pillars; the length thereof [was] fifty cubits, and the {breadth} thereof thirty cubits: and the porch [was] before them: and the [other] pillars and the thick beam [were] before them. breadth <1KI7 -26> And it [was] an hand {breadth} thick, and the brim thereof was wrought like the brim of a cup, with flowers of lilies: it contained two thousand baths. breadth <1KI7 -27> And he made ten bases of brass; four cubits [was] the length of one base, and four cubits the {breadth} thereof, and three cubits the height of it. breadth <2CH3 -3> Now these [are the things wherein] Solomon was instructed for the building of the house of God. The length by cubits after the first measure [was] threescore cubits, and the {breadth} twenty cubits. breadth <2CH3 -4> And the porch that [was] in the front [of the house], the length [of it was] according to the {breadth} of the house,

twenty cubits, and the height [was] an hundred and twenty: and he overlaid it within with pure gold. breadth <2CH3 -8> And he made the most holy house, the length whereof [was] according to the {breadth} of the house, twenty cubits, and the breadth thereof twenty cubits: and he overlaid it with fine gold, [amounting] to six hundred talents. breadth <2CH3 -8> And he made the most holy house, the length whereof [was] according to the breadth of the house, twenty cubits, and the {breadth} thereof twenty cubits: and he overlaid it with fine gold, [amounting] to six hundred talents. breadth <2CH4 -1> Moreover he made an altar of brass, twenty cubits the length thereof, and twenty cubits the {breadth} thereof, and ten cubits the height thereof. breadth In the first year of Cyrus the king [the same] Cyrus the king made a decree [concerning] the house of God at Jerusalem, Let the house be builded, the place where they offered sacrifices, and let the foundations thereof be strongly laid; the height thereof threescore cubits, [and] the {breadth} thereof threescore cubits; breadth By the breath of God frost is given: and the {breadth} of the waters is straitened. breadth Hast thou perceived the {breadth} of the earth? declare if thou knowest it all. breadth And he shall pass through Judah; he shall overflow and go over, he shall reach [even] to the neck; and the stretching out of his wings shall fill the {breadth} of thy land, O Immanuel. breadth And behold a wall on the outside of the house round about, and in the man's hand a measuring reed of six cubits [long] by the cubit and an hand {breadth}: so he measured the breadth of the building, one reed; and the height, one reed. breadth And behold a wall on the outside of the house round about, and in the man's hand a measuring reed of six cubits [long] by the cubit and an hand breadth: so he measured the {breadth} of the building, one reed; and the height, one reed. breadth And he measured the {breadth} of the entry of the gate, ten cubits; [and] the length of the gate, thirteen cubits. breadth He measured then the gate from the roof of [one] little chamber to the roof of another: the {breadth} [was] five and twenty cubits, door against door. breadth Then he measured the {breadth} from the forefront of the lower gate unto the forefront of the inner court without, an hundred cubits eastward and northward. breadth And the gate of the outward court that looked toward the north, he measured the length thereof, and the {breadth} thereof. breadth And the little chambers thereof [were] three on this side and three on that side; and the posts thereof and the arches thereof were after the measure of the first gate: the length thereof [was] fifty cubits, and the {breadth} five and twenty cubits. breadth And [there were] windows in it and in the arches thereof round about, like those windows: the length [was] fifty cubits, and the {breadth} five and twenty cubits. breadth The little chambers thereof, the posts thereof, and the arches thereof, and the windows to it round about: the length [was] fifty cubits, and the {breadth} five and twenty cubits. breadth And he brought me to the porch of the house, and measured [each] post of the porch, five cubits on this side, and five cubits on that side: and the {breadth} of the gate [was] three cubits on this side, and three cubits on that side. breadth The length of the porch [was] twenty cubits, and the {breadth} eleven cubits; and [he brought me] by the steps whereby they went up to it: and [there were] pillars by the posts, one on this side, and another on that side. breadth Afterward he brought me to the temple, and measured the posts, six cubits broad on the one side, and six cubits broad on the other side, [which was] the {breadth} of the tabernacle. breadth And the breadth of the door [was] ten cubits: and the sides of the door [were] five cubits on the one side, and five cubits on the other side: and he measured the length thereof, forty cubits: and the {breadth}, twenty cubits. breadth And the {breadth} of the door [was] ten cubits: and the sides of the door [were] five cubits on the one side, and five cubits on the other side: and he measured the length thereof, forty cubits: and the breadth, twenty cubits. breadth Then went he inward, and measured the post of the door, two cubits; and the door, six cubits; and the {breadth} of the door, seven cubits. breadth So he measured the length thereof, twenty cubits; and the {breadth}, twenty cubits, before the temple: and he said unto me, This [is] the most holy [place]. breadth After he measured the wall of the house, six cubits; and the {breadth} of [every] side chamber, four cubits, round about the house on every side. breadth And [there was] an enlarging, and a winding about still upward to the side chambers: for the winding about of the house went still upward round about the house: therefore the {breadth} of the house [was still] upward, and so increased [from] the lowest [chamber] to the highest by the midst. breadth And the doors of the side chambers [were] toward [the place that was] left, one door toward the north, and another door toward the south: and the {breadth} of the place that was left [was] five cubits round about. breadth Also the {breadth} of the face of the house, and of the separate place toward the east, an hundred cubits. breadth Before the length of an hundred cubits [was] the north door, and the {breadth} [was] fifty cubits. breadth And before the chambers [was] a walk of ten cubits {breadth} inward, a way of one cubit; and their doors toward the north. breadth And these [are] the measures of the altar after the cubits: The cubit [is] a cubit and an hand {breadth}; even the bottom [shall be] a cubit, and the breadth a cubit, and the border thereof by the edge thereof round about [shall be] a span: and this [shall be] the higher place of the altar. breadth And these [are] the measures of the altar after the cubits: The cubit [is] a cubit and an hand breadth; even the bottom [shall be] a cubit, and the {breadth} a cubit, and the border thereof by the edge thereof round about [shall be] a span: and this [shall be] the higher place of the altar. breadth And from the

bottom [upon] the ground [even] to the lower settle [shall be] two cubits, and the breadth one cubit; and from the lesser settle [even] to the greater settle [shall be] four cubits, and the {breadth} [one] cubit. breadth And from the bottom [upon] the ground [even] to the lower settle [shall be] two cubits, and the {breadth} one cubit; and from the lesser settle [even] to the greater settle [shall be] four cubits, and the breadth [one] cubit. breadth Moreover, when ye shall divide by lot the land for inheritance, ye shall offer an oblation unto the LORD, an holy portion of the land: the length [shall be] the length of five and twenty thousand [reeds], and the {breadth} [shall be] ten thousand. This [shall be] holy in all the borders thereof round about. breadth Of this there shall be for the sanctuary five hundred [in length], with five hundred [in {breadth}], square round about; and fifty cubits round about for the suburbs thereof. breadth And of this measure shalt thou measure the length of five and twenty thousand, and the {breadth} of ten thousand: and in it shall be the sanctuary [and] the most holy [place]. breadth And the five and twenty thousand of length, and the ten thousand of {breadth}, shall also the Levites, the ministers of the house, have for themselves, for a possession for twenty chambers. breadth And by the border of Judah, from the east side unto the west side, shall be the offering which ye shall offer of five and twenty thousand [reeds in] {breadth}, and [in] length as one of the [other] parts, from the east side unto the west side: and the sanctuary shall be in the midst of it. breadth The oblation that ye shall offer unto the LORD [shall be] of five and twenty thousand in length, and of ten thousand in {breadth}. breadth And for them, [even] for the priests, shall be [this] holy oblation; toward the north five and twenty thousand [in length], and toward the west ten thousand in {breadth}, and toward the east ten thousand in breadth, and toward the south five and twenty thousand in length: and the sanctuary of the LORD shall be in the midst thereof. breadth And for them, [even] for the priests, shall be [this] holy oblation; toward the north five and twenty thousand [in length], and toward the west ten thousand in breadth, and toward the east ten thousand in {breadth}, and toward the south five and twenty thousand in length: and the sanctuary of the LORD shall be in the midst thereof. breadth And over against the border of the priests the Levites [shall have] five and twenty thousand in length, and ten thousand in {breadth}: all the length [shall be] five and twenty thousand, and the breadth ten thousand. breadth And over against the border of the priests the Levites [shall have] five and twenty thousand in length, and ten thousand in breadth: all the length [shall be] five and twenty thousand, and the {breadth} ten thousand. breadth And the five thousand, that are left in the {breadth} over against the five and twenty thousand, shall be a profane [place] for the city, for dwelling, and for suburbs: and the city shall be in the midst thereof. breadth Nebuchadnezzar the king made an image of gold, whose height [was] threescore cubits, [and] the {breadth} thereof six cubits: he set it up in the plain of Dura, in the province of Babylon. breadth For, lo, I raise up the Chaldeans, [that] bitter and hasty nation, which shall march through the {breadth} of the land, to possess the dwellingplaces [that are] not theirs. breadth Then said I, Whither goest thou? And he said unto me, To measure Jerusalem, to see what [is] the {breadth} thereof, and what [is] the length thereof. breadth And he said unto me, What seest thou? And I answered, I see a flying roll; the length thereof [is] twenty cubits, and the {breadth} thereof ten cubits. breadth May be able to comprehend with all saints what is] the {breadth}, and length, and depth, and height; breadth And they went up on the {breadth} of the earth, and compassed the camp of the saints about, and the beloved city: and fire came down from God out of heaven, and devoured them. breadth And the city lieth foursquare, and the length is as large as the {breadth}: and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal. breadth And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with the reed, twelve thousand furlongs. The length and the {breadth} and the height of it are equal.

breadth And this [is the fashion] which thou shalt make it [of]: The length of the ark [shall be] three hundred cubits, the {breadth} of it fifty cubits, and the height of it thirty cubits. breadth Arise, walk through the land in the length of it and in the {breadth} of it; for I will give it unto thee. breadth And they shall make an ark [of] shittim wood: two cubits and a half [shall be] the length thereof, and a cubit and a half the {breadth} thereof, and a cubit and a half the height thereof. breadth And thou shalt make a mercy seat [of] pure gold: two cubits and a half [shall be] the length thereof, and a cubit and a half the {breadth} thereof. breadth Thou shalt also make a table [of] shittim wood: two cubits [shall be] the length thereof, and a cubit the {breadth} thereof, and a cubit and a half the height thereof. breadth And thou shalt make unto it a border of an hand {breadth} round about, and thou shalt make a golden crown to the border thereof round about. breadth The length of one curtain [shall be] eight and twenty cubits, and the {breadth} of one curtain four cubits: and every one of the curtains shall have one measure. breadth The length of one curtain [shall be] thirty cubits, and the {breadth} of one curtain four cubits: and the eleven curtains [shall be all] of one measure. breadth Ten cubits [shall be] the length of a board, and a cubit and a half [shall be] the {breadth} of one board. breadth And [for] the {breadth} of the court on the west side [shall be] hangings of fifty cubits: their pillars ten, and their sockets ten. breadth And the {breadth} of the court on the east side eastward [shall be] fifty cubits. breadth The length of the court [shall be] an hundred cubits, and the {breadth} fifty every where, and the height five cubits [of] fine twined linen, and their sockets [of] brass. breadth Foursquare it shall be [being] doubled; a span [shall be] the length thereof, and a span [shall be] the {breadth} thereof. breadth A cubit [shall be] the length thereof, and a cubit the {breadth} thereof; foursquare shall it be: and two cubits [shall be] the height thereof: the horns thereof [shall be] of the same. breadth The length of one curtain [was] twenty and eight cubits, and the {breadth} of one curtain four cubits: the curtains [were] all of one size. breadth The length of one curtain [was] thirty cubits, and four cubits [was] the {breadth} of one curtain: the eleven curtains [were] of one size. breadth The length of a board [was] ten cubits, and the {breadth} of a board one cubit and a half. breadth And Bezaleel made the ark [of] shittim wood: two cubits and a half [was] the length of it, and a cubit and a half the {breadth} of it, and a cubit and a half the height of it: breadth And he made the mercy seat [of] pure gold: two cubits and a half [was] the length thereof, and one cubit and a half the {breadth} thereof. breadth And he made the table [of] shittim wood: two cubits [was] the length thereof, and a cubit the {breadth} thereof, and a cubit and a half the height thereof: breadth And he made the incense altar [of] shittim wood: the length of it [was] a cubit, and the {breadth} of it a cubit; [it was] foursquare; and two cubits [was] the height of it; the horns thereof were of the same. breadth And he made the altar of burnt offering [of] shittim wood: five cubits [was] the length thereof, and five cubits the {breadth} thereof; [it was] foursquare; and three cubits the height thereof. breadth And the hanging for the gate of the court [was] needlework, [of] blue, and purple, and scarlet, and fine twined linen: and twenty cubits [was] the length, and the height in the {breadth} [was] five cubits, answerable to the hangings of the court. breadth It was foursquare; they made the breastplate double: a span [was] the length thereof, and a span the {breadth} thereof, [being] doubled. breadth Meddle not with them; for I will not give you of their land, no, not so much as a foot {breadth}; because I have given mount Seir unto Esau [for] a possession. breadth For only Og king of Bashan remained of the remnant of giants; behold, his bedstead [was] a bedstead of iron; [is] it not in Rabbath of the children of Ammon? nine cubits [was] the length thereof, and four cubits the {breadth} of it, after the cubit of a man. breadth Among all this people [there were] seven hundred chosen men lefthanded; every one could sling stones at an hair [{breadth}], and not miss. breadth <1KI6 -2> And the house which king Solomon built for the LORD, the length thereof [was] threescore cubits, and the {breadth} thereof twenty [cubits], and the height thereof thirty cubits. breadth <1KI6 -3> And the porch before the temple of the house, twenty cubits [was] the length thereof, according to the breadth of the house; [and] ten cubits [was] the {breadth} thereof before the house. breadth <1KI6 -3> And the porch before the temple of the house, twenty cubits [was] the length thereof, according to the {breadth} of the house; [and] ten cubits [was] the breadth thereof before the house. breadth <1KI6 -20> And the oracle in the forepart [was] twenty cubits in length, and twenty cubits in {breadth}, and twenty cubits in the height thereof: and he overlaid it with pure gold; and [so] covered the altar [which was of] cedar. breadth <1KI7 -2> He built also the house of the forest of Lebanon; the length thereof [was] an hundred cubits, and the {breadth} thereof fifty cubits, and the height thereof thirty cubits, upon four rows of cedar pillars, with cedar beams upon the pillars. breadth <1KI7 -6> And he made a porch of pillars; the length thereof [was] fifty cubits, and the {breadth} thereof thirty cubits: and the porch [was] before them: and the [other] pillars and the thick beam [were] before them. breadth <1KI7 -26> And it [was] an hand {breadth} thick, and the brim thereof was wrought like the brim of a cup, with flowers of lilies: it contained two thousand baths. breadth <1KI7 -27> And he made ten bases of brass; four cubits [was] the length of one base, and four cubits the {breadth} thereof, and three cubits the height of it. breadth <2CH3 -3> Now these [are the things wherein] Solomon was instructed for the building of the house of God. The length by cubits after the first measure [was] threescore

cubits, and the {breadth} twenty cubits. breadth <2CH3 -4> And the porch that [was] in the front [of the house], the length [of it was] according to the {breadth} of the house, twenty cubits, and the height [was] an hundred and twenty: and he overlaid it within with pure gold. breadth <2CH3 -8> And he made the most holy house, the length whereof [was] according to the {breadth} of the house, twenty cubits, and the breadth thereof twenty cubits: and he overlaid it with fine gold, [amounting] to six hundred talents. breadth <2CH3 -8> And he made the most holy house, the length whereof [was] according to the breadth of the house, twenty cubits, and the {breadth} thereof twenty cubits: and he overlaid it with fine gold, [amounting] to six hundred talents. breadth <2CH4 -1> Moreover he made an altar of brass, twenty cubits the length thereof, and twenty cubits the {breadth} thereof, and ten cubits the height thereof. breadth In the first year of Cyrus the king [the same] Cyrus the king made a decree [concerning] the house of God at Jerusalem, Let the house be builded, the place where they offered sacrifices, and let the foundations thereof be strongly laid; the height thereof threescore cubits, [and] the {breadth} thereof threescore cubits; breadth By the breath of God frost is given: and the {breadth} of the waters is straitened. breadth Hast thou perceived the {breadth} of the earth? declare if thou knowest it all. breadth And he shall pass through Judah; he shall overflow and go over, he shall reach [even] to the neck; and the stretching out of his wings shall fill the {breadth} of thy land, O Immanuel. breadth And behold a wall on the outside of the house round about, and in the man's hand a measuring reed of six cubits [long] by the cubit and an hand {breadth}: so he measured the breadth of the building, one reed; and the height, one reed. breadth And behold a wall on the outside of the house round about, and in the man's hand a measuring reed of six cubits [long] by the cubit and an hand breadth: so he measured the {breadth} of the building, one reed; and the height, one reed. breadth And he measured the {breadth} of the entry of the gate, ten cubits; [and] the length of the gate, thirteen cubits. breadth He measured then the gate from the roof of [one] little chamber to the roof of another: the {breadth} [was] five and twenty cubits, door against door. breadth Then he measured the {breadth} from the forefront of the lower gate unto the forefront of the inner court without, an hundred cubits eastward and northward. breadth And the gate of the outward court that looked toward the north, he measured the length thereof, and the {breadth} thereof. breadth And the little chambers thereof [were] three on this side and three on that side; and the posts thereof and the arches thereof were after the measure of the first gate: the length thereof [was] fifty cubits, and the {breadth} five and twenty cubits. breadth And [there were] windows in it and in the arches thereof round about, like those windows: the length [was] fifty cubits, and the {breadth} five and twenty cubits. breadth The little chambers thereof, the posts thereof, and the arches thereof, and the windows to it round about: the length [was] fifty cubits, and the {breadth} five and twenty cubits. breadth And he brought me to the porch of the house, and measured [each] post of the porch, five cubits on this side, and five cubits on that side: and the {breadth} of the gate [was] three cubits on this side, and three cubits on that side. breadth The length of the porch [was] twenty cubits, and the {breadth} eleven cubits; and [he brought me] by the steps whereby they went up to it: and [there were] pillars by the posts, one on this side, and another on that side. breadth Afterward he brought me to the temple, and measured the posts, six cubits broad on the one side, and six cubits broad on the other side, [which was] the {breadth} of the tabernacle. breadth And the breadth of the door [was] ten cubits: and the sides of the door [were] five cubits on the one side, and five cubits on the other side: and he measured the length thereof, forty cubits: and the {breadth}, twenty cubits. breadth And the {breadth} of the door [was] ten cubits: and the sides of the door [were] five cubits on the one side, and five cubits on the other side: and he measured the length thereof, forty cubits: and the breadth, twenty cubits. breadth Then went he inward, and measured the post of the door, two cubits; and the door, six cubits; and the {breadth} of the door, seven cubits. breadth So he measured the length thereof, twenty cubits; and the {breadth}, twenty cubits, before the temple: and he said unto me, This [is] the most holy [place]. breadth After he measured the wall of the house, six cubits; and the {breadth} of [every] side chamber, four cubits, round about the house on every side. breadth And [there was] an enlarging, and a winding about still upward to the side chambers: for the winding about of the house went still upward round about the house: therefore the {breadth} of the house [was still] upward, and so increased [from] the lowest [chamber] to the highest by the midst. breadth And the doors of the side chambers [were] toward [the place that was] left, one door toward the north, and another door toward the south: and the {breadth} of the place that was left [was] five cubits round about. breadth Also the {breadth} of the face of the house, and of the separate place toward the east, an hundred cubits. breadth Before the length of an hundred cubits [was] the north door, and the {breadth} [was] fifty cubits. breadth And before the chambers [was] a walk of ten cubits {breadth} inward, a way of one cubit; and their doors toward the north. breadth And these [are] the measures of the altar after the cubits: The cubit [is] a cubit and an hand {breadth}; even the bottom [shall be] a cubit, and the breadth a cubit, and the border thereof by the edge thereof round about [shall be] a span: and this [shall be] the higher place of the altar. breadth And these [are] the measures of the altar after the cubits: The cubit [is] a cubit and an hand breadth; even the bottom [shall be] a cubit, and the {breadth} a

cubit, and the border thereof by the edge thereof round about [shall be] a span: and this [shall be] the higher place of the altar. breadth And from the bottom [upon] the ground [even] to the lower settle [shall be] two cubits, and the breadth one cubit; and from the lesser settle [even] to the greater settle [shall be] four cubits, and the {breadth} [one] cubit. breadth And from the bottom [upon] the ground [even] to the lower settle [shall be] two cubits, and the {breadth} one cubit; and from the lesser settle [even] to the greater settle [shall be] four cubits, and the breadth [one] cubit. breadth Moreover, when ye shall divide by lot the land for inheritance, ye shall offer an oblation unto the LORD, an holy portion of the land: the length [shall be] the length of five and twenty thousand [reeds], and the {breadth} [shall be] ten thousand. This [shall be] holy in all the borders thereof round about. breadth Of this there shall be for the sanctuary five hundred [in length], with five hundred [in {breadth}], square round about; and fifty cubits round about for the suburbs thereof. breadth And of this measure shalt thou measure the length of five and twenty thousand, and the {breadth} of ten thousand: and in it shall be the sanctuary [and] the most holy [place]. breadth And the five and twenty thousand of length, and the ten thousand of {breadth}, shall also the Levites, the ministers of the house, have for themselves, for a possession for twenty chambers. breadth And by the border of Judah, from the east side unto the west side, shall be the offering which ye shall offer of five and twenty thousand [reeds in] {breadth}, and [in] length as one of the [other] parts, from the east side unto the west side: and the sanctuary shall be in the midst of it. breadth The oblation that ye shall offer unto the LORD [shall be] of five and twenty thousand in length, and of ten thousand in {breadth}. breadth And for them, [even] for the priests, shall be [this] holy oblation; toward the north five and twenty thousand [in length], and toward the west ten thousand in {breadth}, and toward the east ten thousand in breadth, and toward the south five and twenty thousand in length: and the sanctuary of the LORD shall be in the midst thereof. breadth And for them, [even] for the priests, shall be [this] holy oblation; toward the north five and twenty thousand [in length], and toward the west ten thousand in breadth, and toward the east ten thousand in {breadth}, and toward the south five and twenty thousand in length: and the sanctuary of the LORD shall be in the midst thereof. breadth And over against the border of the priests the Levites [shall have] five and twenty thousand in length, and ten thousand in {breadth}: all the length [shall be] five and twenty thousand, and the breadth ten thousand. breadth And over against the border of the priests the Levites [shall have] five and twenty thousand in length, and ten thousand in breadth: all the length [shall be] five and twenty thousand, and the {breadth} ten thousand. breadth And the five thousand, that are left in the {breadth} over against the five and twenty thousand, shall be a profane [place] for the city, for dwelling, and for suburbs: and the city shall be in the midst thereof. breadth Nebuchadnezzar the king made an image of gold, whose height [was] threescore cubits, [and] the {breadth} thereof six cubits: he set it up in the plain of Dura, in the province of Babylon. breadth For, lo, I raise up the Chaldeans, [that] bitter and hasty nation, which shall march through the {breadth} of the land, to possess the dwellingplaces [that are] not theirs. breadth Then said I, Whither goest thou? And he said unto me, To measure Jerusalem, to see what [is] the {breadth} thereof, and what [is] the length thereof. breadth And he said unto me, What seest thou? And I answered, I see a flying roll; the length thereof [is] twenty cubits, and the {breadth} thereof ten cubits. breadth May be able to comprehend with all saints what is] the {breadth}, and length, and depth, and height; breadth And they went up on the {breadth} of the earth, and compassed the camp of the saints about, and the beloved city: and fire came down from God out of heaven, and devoured them. breadth And the city lieth foursquare, and the length is as large as the {breadth}: and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal. breadth And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with the reed, twelve thousand furlongs. The length and the {breadth} and the height of it are equal.
