

A close-up photograph of a plant with large, heart-shaped green leaves. The leaves are covered in numerous small, clear water droplets, suggesting dew or rain. Several small, vibrant pink flowers are visible, some in full bloom and others as buds. The background is dark and out of focus, making the plant stand out.

**Genesis 27:28 Therefore God give thee of the dew of heaven, and the fatness of the earth, and plenty of corn and wine:**
