

A photograph of a sandy beach with several pieces of weathered driftwood. One long, straight log lies horizontally across the middle of the frame. Another piece of driftwood is positioned vertically on the right side. A small, green, leafy plant is growing out of the sand in the lower right corner. The background shows the vast expanse of the beach under bright, natural light.

Genesis 30:38 And he set the rods which he had pilled before the flocks in the gutters in the watering troughs when the flocks came to drink, that they should conceive when they came to drink.
