

A close-up photograph of a yellow rose with water droplets on its petals, set against a dark background. The rose is the central focus, with its petals showing a gradient from pale yellow to a deeper orange-red at the center. Several small, clear water droplets are scattered across the petals, catching the light. The background is dark and out of focus, making the rose stand out prominently.

**Genesis 37:32 And they sent the coat of many colours, and they brought it to their father; and said, This have we found: know now whether it be thy son's coat or no.**
