

A close-up photograph of a stone fountain. The fountain is made of light-colored, textured stone and has a wide, shallow basin at the top. Water is spraying upwards from the center of the basin, creating a misty, bubbly effect. The water is clear and bright. The background shows a larger body of water, possibly a stream or a pool, with some rocks and a blurred background. The lighting is bright, highlighting the texture of the stone and the movement of the water.
