

A close-up photograph of a vibrant pink orchid flower. The petals are a rich magenta color, with some showing lighter, almost white, variegation. The center of the flower is visible, showing the intricate patterns of the labellum. The background is dark and out of focus, making the flower stand out prominently. Overlaid on the flower is white text in a bold, serif font, which reads: "Exodus 08:17 And they did so; for Aaron stretched out his hand with his rod, and smote the dust of the earth, and it became lice in man, and in beast; all the dust of the land became lice throughout all the land of Egypt."
