Ahab, Get thee up, eat and drink;  
for there is a sound of abundance  
of rain.

A close-up photograph of a single, large yellow hibiscus flower in full bloom. The petals are a bright, sunny yellow, with a distinct pinkish-red or magenta hue at the base of the flower where the stamens are located. The center of the flower is filled with numerous yellow stamens and a few red anthers. The flower is surrounded by dense, dark green leaves with serrated edges. The background is a soft, out-of-focus green, suggesting a garden or natural setting.
