

A close-up photograph of a butterfly, possibly a monarch, caught in a spider web. The butterfly's wings are dark with bright orange and white markings. The spider web is a complex, dark, and intricate structure that surrounds the butterfly. The background is a soft, out-of-focus green and blue, suggesting an outdoor setting.

thine eyes, and see: and hear the
words of Sennacherib, which hath
sent him to reproach the living
God.
