

A close-up photograph of a dense field of small, spiky flowers. The majority of the flowers are a vibrant purple, while some in the lower-left corner are white. The flowers are set against a background of lush green foliage. A single, large, brown, dried leaf is visible in the center-left area, partially overlapping the purple flowers. The overall scene is a rich, textured display of natural growth.

Job 28:01 Surely there is a vein for  
the silver, and a place for gold  
where they find it.
