

A close-up photograph of several green oak leaves and acorns. The leaves are vibrant green with prominent veins and characteristic lobed edges. Two acorns are visible: one is partially covered by a light green, fuzzy cupule, and the other is more fully exposed, showing its smooth, brown, pointed nut. The background is a soft-focus green, suggesting a dense forest or garden setting.

**Psalms 40:03 And he hath put a  
new song in my mouth, even  
praise unto our God: many shall  
see it , and fear, and shall trust in  
the LORD.**
