

A close-up photograph of a forest floor. In the foreground, there are several green plants, including a large, broad leaf on the left and a cluster of small, succulent-like plants in the bottom left. A single, bright orange leaf lies on the ground in the center, partially obscured by the text. The background is dark and out of focus, showing more forest floor debris and trees.

destructions are come to a

destroyed cities; their memorial is
perished with them.**
