

A path of dark, porous volcanic rocks, possibly basalt, is laid out on a sandy, pebbly ground. The rocks are arranged in a somewhat irregular line, leading from the foreground towards the background. The ground is covered with small, light-colored pebbles and some sparse, dry vegetation, including small green plants and dried pine needles. The overall scene is brightly lit, suggesting a sunny day.

hardeneth his face: but as for the  
upright, he directeth his way.
