

A close-up photograph of a dark, layered rock surface, possibly volcanic or sedimentary. The rock is dark grey to black, with visible horizontal and vertical fractures. Small, bright orange lichen or mineral deposits are scattered across the surface, particularly in the crevices and on the upper layers. The lighting is bright, creating strong shadows and highlights that emphasize the texture and depth of the rock.

Ecclesiastics 03:06 A time to get,  
and a time to lose; a time to keep,  
and a time to cast away;
