

**Song of Solomon 02:15 Take us the  
foxes, the little foxes, that spoil  
the vines: for our vines have tender  
grapes.**

A photograph of a beach with sand dunes and driftwood. The sand is light-colored and has ripples. There are several pieces of weathered, greyish-brown driftwood scattered across the dunes. Some driftwood is lying horizontally, while others are propped up. There are some small green plants growing in the sand. The background shows more dunes and a clear sky.
