

A close-up photograph of several purple orchid flowers. The petals are a vibrant purple with a fine, veined texture. The central part of the flowers, including the stamens and pistils, is a darker, almost blackish-purple. The background is dark and out of focus, making the flowers stand out. Overlaid on the top half of the image is white text in a bold, serif font.

vine in thy blood, planted by the
waters: she was fruitful and full of
branches by reason of many waters.**
