

A close-up photograph of two butterflies on a plant. The plant has large, rounded, green leaves with a reddish-brown border. There are several small flowers with white petals and pink edges, and yellow centers. One butterfly, with bright orange wings and dark markings, is perched on a flower on the left. The other butterfly, with brown wings and dark markings, is perched on a flower on the right. The background is a blurred mix of green and brown, suggesting a natural outdoor setting.

GOD; This shall be the border,  
whereby ye shall inherit the land  
according to the twelve tribes of  
Israel: Joseph shall have two  
portions.**
