

A close-up photograph of a bouquet of pink flowers, likely heather or a similar small-flowered plant, arranged in a white vase. The flowers are in various stages of bloom, with some showing bright pink petals and others as buds. The green foliage is dense and vibrant. The background is softly blurred, showing a white surface and a hint of a window or light source.

**Habakkuk 01:05 Behold ye among
the heathen, and regard, and
wonder marvellously: for I will
work a work in your days, which ye
will not believe, though it be told
you .**
