

A close-up photograph of a leaf with a dark, almost black, surface. The leaf is covered in numerous small, irregular red spots, likely due to a fungal infection or insect damage. A prominent hole is visible in the center of the leaf, with jagged, reddish edges. The leaf's veins are visible, and the overall texture appears rough and weathered.

Deutronomy 32:44 And Moses
came and spake all the words of
this song in the ears of the people,
he, and Hoshea the son of Nun.
