

A close-up photograph of a pine branch. The branch is covered in vibrant green, needle-like leaves that are densely packed. Several brown, woody pine cones are visible, some in the foreground and others slightly out of focus in the background. The lighting is natural, highlighting the texture of the needles and the rough surface of the cones.

**Luke 11:40 Ye fools, did not he that
made that which is without make
that which is within also?**
