

A close-up photograph of a green cedar branch. The branch is covered in small, needle-like leaves. A single, dried, curled leaf is attached to the branch, showing a light brown color and a textured, papery appearance. The background is a soft, out-of-focus green.

Luke 13:24 Strive to enter in at the
strait gate: for many, I say unto you
will seek to enter in, and shall
not be able.
