

A close-up photograph of a pink rose with several buds, set against a blurred green background. The rose is the central focus, with its petals showing a gradient of pink and magenta. Several buds are visible, some partially open, showing the green sepals and the beginning of the pink petals. The background is a soft, out-of-focus green, suggesting a garden or a rose bush. The lighting is bright, highlighting the texture of the petals and the sharp edges of the leaves.
