

A close-up photograph of a single, vibrant pink petunia flower in full bloom. The flower is the central focus, with its five petals fully unfurled, showing a rich magenta color. The center of the flower is a darker, almost blackish-purple. The flower is set against a background of dark, rich soil and various green leaves, some of which are slightly out of focus. The lighting is bright, highlighting the texture of the petals and the surrounding foliage.
