

A close-up photograph of a cluster of pink, tubular flowers, possibly from the Malvaceae family, with several water droplets clinging to their petals and stems. The background is a soft, out-of-focus green, suggesting a natural outdoor setting.

**Ruth 02:03 And she went, and

after the reapers: and her hap was
to light on a part of the field
belonging unto Boaz, who was of
the kindred of Elimelech.**
