

A close-up photograph of a corn plant. The image shows several long, vibrant green leaves with prominent veins, some overlapping and others pointing upwards. In the center-left, a developing ear of corn is visible, partially covered by the leaves. The background is a soft-focus field of similar corn plants, creating a sense of depth. The lighting is bright and natural, highlighting the texture and color of the foliage.

Genesis 04:17 And Cain knew his wife; and she conceived, and bare Enoch: and he builded a city, and called the name of the city, after the name of his son, Enoch.
