

A close-up photograph of several bright pink flowers with yellow centers, growing on dark green, fuzzy leaves. The background is softly blurred, showing more of the plant and some light-colored ground.

**Exodus 28:28 And they shall bind  
the breastplate by the rings  
thereof unto the rings of the  
ephod with a lace of blue, that it  
may be above the curious girdle of  
the ephod, and that the  
breastplate be not loosed from the  
ephod.**
