

A close-up photograph of a green maple leaf with a praying mantis on a branch. The mantis is positioned in the lower right, clinging to a dark branch. The leaf is bright green and has several holes, suggesting it has been eaten. The background is a soft-focus green, likely other foliage.

**Exodus 29:34 And if ought of the
flesh of the consecrations, or of
the bread, remain unto the
morning, then thou shalt burn the
remainder with fire: it shall not be
eaten, because it is holy.**
